

**DUPPS GRATT**

CENTRIFUGE TECHNOLOGY

## DUPPS-GRATT VERTICAL CENTRIFUGE

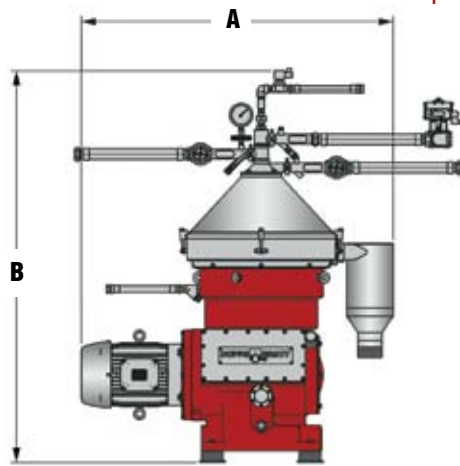

High-speed,  
high-g performance,  
rugged dependability.

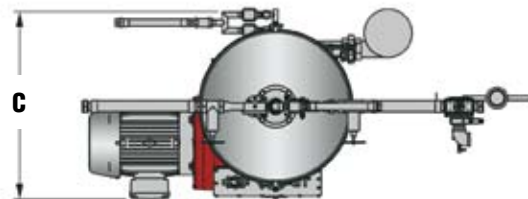

- Dupps-Gratt Vertical Centrifuges separate liquid/solid phases up to nearly 12,000 times greater than gravitational force, providing automatic discharge of separated solids.
- The proven, versatile disk-style design significantly increases the solids settling area, and adapts to a variety of process applications.
- Continuous processing of fluid base streams consisting of liquid-liquid-solids, liquid-solids, or liquid-liquid components of different densities.
- Can be configured as a separator, clarifier or polisher to meet process requirements.
- Prompt repair, maintenance and renewal service — including a full parts inventory — is available through the Dupps Centrifuge Service Group.

# DUPPS-GRATT VERTICAL CENTRIFUGE

High-speed,  
high-g performance,  
rugged dependability.

TOP VIEW

Model	A - Width	B - Height	C - Depth	Approx. Capacity Range*
GIC-265 AL	940 mm • 37.0"	1,410 mm • 55.5"	835 mm • 32.9"	880 - 1,760 kg/hr • 1,939 - 3,878 lbs/hr
GIC-330 AL	925 mm • 36.4"	1,534 mm • 60.4"	730 mm • 28.7"	1,760 - 2,640 kg/hr • 3,878 - 5,816 lbs/hr
GIC-438 AL	1,465 mm • 57.7"	1,850 mm • 72.8"	865 mm • 34.1"	4,400 - 5,280 kg/hr • 9,694 - 11,633 lbs/hr
GIC-556 AL	1,990 mm • 78.3"	2,160 mm • 85.0"	833 mm • 32.8"	7,040 - 8,800 kg/hr • 15,510 - 19,388 lbs/hr

\*Actual Capacity Range will vary depending on feed stream temperature, viscosity, and solids loading. Capacity Range is based on feed stream with 0.88 specific density.

Due to ongoing product improvements, data shown here is subject to change without notice.

**Dupps Centrifuge Service Group** provides responsive, expert service on nearly all types and brands of decanters and centrifuges, assuring customers worldwide of reliable, efficient operation and maximum uptime.

**Dupps-Gratt Centrifuge Technology** offers a full line of proven, high-performance centrifugal decanters, centrifuges and accessories.

**For more information about Dupps decanter and centrifuge products and services, email [DuppsSeparationTech@dupps.com](mailto:DuppsSeparationTech@dupps.com), visit [www.dupps.com](http://www.dupps.com) or contact one of our offices:**
